

Electrical Installation Seminar – Demand and Supply

Thursday 3 April 2025

12.00 Registration and lunch

13.00 Welcome and introductions

Wayne Mackay, Head of Policy and Public Affairs, Electrical Safety First

Lesley Rudd, Chief Executive, Electrical Safety First

13.15 Opening keynote

Lord Don Foster, Baron Foster of Bath

13.30 Energy Transition

Panel: We will explore the required changes in infrastructure and their timescales along with how infrastructure modernisation and the increasing demands of our building stock will marry up, whilst ensuring that safety is not compromised.

Moderator: Steve Humphreys, Technical Commercial Manager, NAPIT

Mark Dunk, Head of Engineering and Resilience, ENA

Robert Cairney, Director of Technical Services, SELECT

Jess Ralston, Head of Energy, Energy Climate and Intelligence Unit

14.15 Break

14.45 Energy as a Service (EaaS) - Saviour or Threat?

A fireside chat exploring how energy provisions and services are changing. Whilst an 'energy wrapper' may be appealing for the consumer, will EaaS prove to be the industry's 'disruptor'? and how will this impact safety, quality, and competency requirements of the workforce?

Moderator: Luke Osborne, Technical Director, Electrical Safety First

Andrew Eldred, Chief Operating Officer, ECA

Dani Putney, Head of Standards, Certsure

15.45 A safe transition through data, best practice and experiences

Quickfire presentations highlighting thoughts and learnings from our energy transition to date and the considerations we must make going forward to ensure a safe transition.

Moderator: David Powell, Electrical Installation Safety Engineer, Electrical Safety First

Steve Girling, Station Officer Fire Investigation Team, LFB

Henry Metcalfe, Electrical Designer, CIBSE/ETCH

Richard Harvey, Electrical Installation Safety Engineer, Electrical Safety First

Charlotte Bamber, Chief Executive Officer, ETT

Craig O'Neill, Senior Engineer and JPELD/64 Committee Manager, IET

16.25 Closing remarks

16.30 Close
